In an effort to increase public awareness and community education, the Arc of NEPA Advocacy Department has developed a list of presentations that we are able to offer to schools, agencies and parent / community groups.

Attached is a listing of the various presentations that we have created that are available for you to choose from. Most of the presentations are 1 hour in length with time for Q & A.

In addition, we can offer customized presentations for your age group and time limit. Topics can include acceptance, understanding differences, inclusion, explaining a specific disability or addressing a unique need in your classroom or group.

We can also arrange presentations or co- present with other professionals on the topic of your choice.

To schedule a presentation, please contact one of the following:
